Bí Cinealta Policy

Introductory Statement

The Board of Management of Claremorris National School has adopted the following policy to prevent and address bullying behaviour. This policy complies with the requirements of *Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post-Primary Schools* 2024. The Board of Management acknowledges that bullying behaviour interferes with the rights of the child as set out in the United Nations Convention on the Rights of the Child. We all, as a school community, have a responsibility to work together to prevent and address bullying behaviour and to deal with the negative impact of bullying behaviour. Ireland ratified the United Nations (UN) Convention on the Rights of the Child in September 1992. In doing this we committed to promote, protect and fulfil the rights of children. Bullying is a children's rights issue. Bullying interferes with the following rights of the child:

- The right to freedom of expression (Article 13)
- The right to freedom of thought, conscience and religion (Article 14)
- The right to freedom of association and freedom of peaceful assembly (Article 15)
- The right to privacy (Article 16)
- The right to be protected from all forms of abuse and neglect (Article 19)
- The right to enjoy the highest attainable standard of health (Article 24)
- The right to education (Article 28)
- The right to enjoy their own culture, religion or language (Article 30)

We are committed to ensuring that all students who attend our school are kept safe from harm and that the wellbeing of our students is at the forefront of everything that we do. We recognise the negative impact that bullying behaviour can have on the lives of our students and we are fully committed to preventing and addressing bullying behaviour.

We confirm that we will, in accordance with our obligations under equality legislation, take all such steps that are reasonably practicable to prevent the harassment of students or staff on any of the nine grounds specified: gender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

We confirm that we will take all steps that are reasonably practicable to prevent all bullying or harassment of our students in whatever form and however motivated. Catholic schools have a distinctive understanding of the human person, recognising that every person is created in God's image and likeness and has inherent dignity as a child of God. This is the basis for ensuring that everybody in our school is treated with respect and care, in accordance with the Catholic Schedule. As a Catholic school, we are committed to respecting the dignity of every individual. No human person is to be devalued and everybody has a part to play in the school community, regardless of difference.

Defining Bullying

Bullying is defined in *Cineáltas: Action Plan on Bullying* and *Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post-Primary Schools* as targeted behaviour, online or offline that causes harm. The harm caused can be physical, social and/or emotional in nature. Bullying behaviour is repeated over time and involves an imbalance of power in relationships between two people or groups of people in society. The detailed definition is provided in Chapter 2 of the *Bí Cineálta* procedures. Each school is required to develop and implement a *Bí Cineálta* policy that sets out how the school community prevents and addresses bullying behaviour. Strategies to deal with inappropriate behaviour that is not bullying behaviour are provided for within the school's Code of Behaviour.

- Bullying is targeted behaviour, online or offline, that causes harm.
- The harm caused can be physical, social and/or emotional in nature and can have lasting effects on the child experiencing the behaviour.
- Bullying behaviour is repeated over time and involves an imbalance of power in relationships between two people or groups of people in society.
- It is behaviour which is deliberate in nature and is unwanted. It is not accidental or reckless behaviour.

The harm can be:

- Physical (eg: personal injury, damage to or loss of property)
- Social: (eg: withdrawal, loneliness, exclusion)
- Emotional: (eg: low self esteem, depression, anxiety)

A one-off instance of negative behaviour towards a student is not bullying behaviour. However, a single hurtful message posted on social media can be considered bullying behaviour as it may be visible to a wide audience and has a high likelihood of being shared multiple times and so becomes a repeated behaviour.

Behaviour That Is Not Bullying Behaviour

If the repeated harm is real for the student experiencing the behaviour, but unintended by the other student, this is not bullying, but, importantly, must be addressed under the school 's code of behaviour.

Some students with special educational needs may have social communication difficulties which may make them communicate their needs through behaviours that can hurt themselves or others. It is important to note that these behaviours are not deliberate or planned, but in certain situations, they are an automatic response which they cannot control.

Disagreement between students is not considered bullying **unless** it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Types Of Bullying

There are many different types of bullying behaviour. These can include directing bullying at someone focused on the following: disability, exceptional ability, gender identity, LGBTQ+ , physical appearance, racism, poverty status, religious identity, sexism and sexual harassment. This is not an exhaustive list.

Bullying can be: Direct

- Physical: pushing, shoving, punching, kicking, poking and tripping students. Physical assault. Destruction

of personal property.

- Verbal: continual name calling which insults, humiliates the student – this may refer to physical appearance, size, clothes, gender, accent, academic ability, race or ethnic origin.
- Written: Writing insulting remarks in public places, passing notes or drawings about the student.
- Extortion: where something is obtained through force or threats

Bullying can be: Indirect

- Exclusion: where a student is deliberately and repeatedly isolated, excluded or ignored by a student or group of students.
- Relational: Where a student's attempts to form friendships with peers are repeatedly rejected or undermined, threats, non-verbal gesturing, malicious gossip, spreading rumours, silent treatment and manipulation of friend groups etc can all form relational bullying for a student.

Online Bullying Behaviour

Cyber bullying is carried out via text, direct messaging/instant messaging, social media platforms, email, apps, digital gaming sites, gaming consoles, chatrooms and other online technologies.

This can include:

- Sending or sharing of insulting and offensive or intimidating messages or images via online means as mentioned above.
- Posting information which is personal, private or sensitive without consent.
- Making and/or participating in fake profiles on a social network to impersonate and/or humiliate other students.
- Exclude/disrupt access to a student on purpose on online chat groups/access to accounts/from an online game.

Bullying Behaviour that Occurs Outside School

As per the Bí Cineálta Procedures, a school is not expected to deal with bullying behaviour that occurs when students are not under the care or responsibility of the school. However, where bullying behaviour has an impact in school, schools are required to support the students involved.

Examples of prohibited bullying behaviours that can occur outside of school (non-exhausted list):

Bullying behaviour that occurs in the area immediately outside the school, the local shops and the wider local area.

Bullying behaviour that occurs on the journey to and from school.

Bullying behaviour that occurs in organised clubs and groups outside of school such as sports clubs.

Online bullying (cyberbullying) behaviour, along with other types of bullying behaviour can cause significant harm and have a lasting impact on students who experience this behaviour. Access to technology means that online bullying behaviour can happen any time and that the student's home is no longer a safe place. The nature of these technologies means that digital content can be shared and seen by a very wide audience almost instantly and the content is almost impossible to delete permanently.

Requests to Take No Action

A student reporting bullying behaviour may ask that a member of staff does nothing about the behaviour other than “look out” for them. The student may not want to be identified as having told someone about the bullying behaviour. They may feel that telling someone might make things more difficult for them. Where this occurs, it is important that the member of staff shows empathy to the student, deals with the matter sensitively and speaks with the student to work out together what steps can be taken to address the matter and how their parents will be informed of the situation. It is important that the student who has experienced bullying behaviour feels safe. Parents may also make schools aware of bullying behaviour that has occurred and specifically request that the school take no action. Parents should put this request in writing to the school or be facilitated to do so where there are literacy, digital literacy or language barriers. However, while acknowledging the parent’s request, schools have a right to act and may decide that, based on the circumstances, it is appropriate to address the bullying behaviour.

This section sets out the prevention strategies that will be used by this school to address all forms of bullying behaviour, in whatever form and however motivated, including online bullying behaviour, homophobic and transphobic bullying behaviour, racist bullying behaviour, sexist bullying behaviour and sexual harassment as appropriate. In developing the preventative strategies which this school will use to prevent all forms of bullying behaviour, we come from the context of our Catholic ethos, where inclusivity permeates our school in a real way.

1. Culture and Environment:

This school takes positive steps to ensure that the culture of the school is one which welcomes a respectful dialogue and encounter with diversity and difference by ensuring that prevention and inclusivity strategies are given priority and discussed regularly at our board of management and staff meetings

We strive to:

- Create a school culture where bullying behaviour is unacceptable and a consistent approach to addressing bullying behaviour.
- Involve parents as active partners in fostering an environment where bullying behaviour is not tolerated.
- Support the idea that our school is a safe space to speak up about their concerns
- Promote the concept of a trusted adult – stay safe linkage – who to tell.
- Create safe spaces in our school building and yards – visibility
- Incorporate artwork and signs to promote our school values – our THRIVE motto
- Encourage a sense of belonging with ownership over their own space/classroom
- Create a positive school culture and climate which:
 1. Is welcoming of difference and diversity and is based on inclusivity;
 2. Encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 3. Promotes respectful relationships across the school community;

Ways in which we work to achieve these goals are as follows:

- Staff are briefed on the uniform approach we must take to handle all reports of bullying – this is distributed to staff and a copy is displayed on the Staff Room notice board for ease of access also.
- Anti-Bullying week activities such as Random acts of Kindness homework, Poster making, slogan making, etc Rhymes for lining up.
- Playground helpers (Buddy Squad) – students in higher classes volunteer to support younger classes on the yard to help with games and positive interactions.
- Student Friendly Anti-Bullying Policy was formed with pupil and parent input and is distributed to parents, children and staff to discuss. This policy outlines various ways to tell.
- Parents receive information at times regarding useful information on Anti Bullying.
- Stay safe and SPHE lessons focusing on positive behaviour form part of curricular content in all classes.
- Effective supervision and monitoring of pupils.
- Visuals on yard - signage, slogans etc.
- Noticeboard to promote kindness and build responsibility amongst pupils.

2. Curriculum (Teaching & Learning)

We strive to:

- Provide teaching and promote learning which is collaborative and respectful, fostering inclusion and respect for diversity.
- Display a shared understanding of what bullying is and its impact.

Ways in which we work to achieve this:

- Teach SPHE and RSE content which fosters the student's well-being and self-confidence as well as promoting personal responsibility for their own behaviours and actions.
- Model respectful behaviour towards colleagues, pupils and visitors in our school environment.
- Curricular and extra-curricular activities can help to develop a sense of self worth, working together, inclusion and respect.
- Students are given regular opportunities to work in small groups with peers, (indoor pre teach games and play in small groups outdoor for confidence) which can help build a sense of connection, belonging and empathy.
- Acknowledgment of our diverse school population – celebrating diversity and culture in our school through art, displays, photographs, international events. assembly, implementation of education and prevention strategies (including awareness raising measures) that:
 1. build empathy, respect and resilience in pupils; and explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
 2. Support for staff.
 3. Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
 4. On-going evaluation of the effectiveness of the anti-bullying policy.

3. Policy and Planning

We strive to:

- Raise awareness of bullying as a form of unacceptable behaviour with school management, teachers, pupils, parents/guardians.
- Promote a school ethos which encourages children to disclose and discuss incidents of bullying behaviour.
- Ensure appropriate supervision and monitoring measures through which all areas of school activity are kept under observation.
- Develop procedures for noting, investigating and dealing with incidents of bullying behaviour.
- Implement a programme of support for those affected by bullying behaviour and for those involved in bullying behaviour.
- Work with appropriate agencies in countering all forms of bullying and promoting anti-bullying behaviour.

Ways in which we work to achieve these goals are as follows:

- Through the implementation and review of the Acceptable Use Policy, Supervision Policy, Special Education Policy and Code of Behaviour
- Displaying the Bí Cinéalta Policy and awareness posters, highlight the importance of the role of the bystander/person who witnessed, in preventing bullying
- Effective leadership is a key component with Principal (DLP), Deputy Principal (DDL), and in-school leadership and management team focused on supporting the implementation of this policy.

4. Relationships and Partnerships

The dignity and the wellbeing of the individual person is of paramount concern in our Christian response. This school will listen closely to and dialogue with parents, thereby building a relationship of mutual understanding, respect, trust and confidence. In continuing to develop prevention strategies, this school will listen to young people and parents, to help establish their particular context and needs. Frequent periods of reflection and further engagement by the school, young people and parents, will be used to discern appropriate support for young people in this school and to help inform future prevention strategies.

We strive to:

- Support interpersonal connections through a range of formal and informal structures such as our parents' association, green schools committee, student council, multiple student committees and groups.
- Promote age and stage appropriate awareness initiatives that engage the student body in looking at their own behaviour – promoting acts of kindness and friendship, being an active help to others and looking at the causes of and impact of bullying during SPHE lessons.
- Conduct workshops and seminars for students, staff and parents to raise awareness of the impact of bullying.
- Encourage peer mentoring and peer support
- Support active participation of students in school life and active participation of parents in school life also.
- Engage parents and students in actively contributing to the formation of a Student Friendly Anti-Bullying Policy to make them active participants in promotion of and discussion of useful ways to identify and reduce bullying behaviour and highlight procedure and how to deal with it if it does occur.

The school has the following supervision and monitoring policies in place to prevent and address bullying behaviour: Preventing Cyber Bullying, Homophobic/Transphobic Bullying, Racist Bullying and preventing sexual harassment. In addition to above mentioned strategies, the school has the following in place to prevent and address bullying:

- Staff at all times endeavour to encourage pupils to show respect for each other.
- Implementation of the SPHE curriculum.
- Positive self-esteem is fostered among the pupils by celebrating individual differences, by acknowledging good behaviour and by providing opportunities for success.
- Digital Media Policy includes learning about responsible online behaviour and digital

citizenship. AUP also developed for technology in our school.

- The school's anti-bullying policy is discussed regularly with the pupils.
- Staff are particularly vigilant in monitoring pupils who are considered at risk of bullying/being bullied.
- All disclosed incidents of bullying are investigated thoroughly and consistently by following the correct procedure as outlined to staff and recorded using the template for this.

- Involvement of pupils in contributing to a safe school environment e.g. Kindness/ Anti-Bullying week, and other activities that can help pupils and encourage a culture of peer respect and support.
- Ensuring that pupils know who to tell and how to tell.
- Ensure bystanders understand the importance of telling if they witness or know that bullying is taking place. Refer to appropriate online behaviour when using devices and in SPHE lessons.
- Promote online safety events and material for parents
- The listing of supports currently being used in the school and the identification of other supports available to the school e.g. www.tacklebullying.ie, www.antibullyingcentre.ie>fuse, www.webwise.ie

Section C: Addressing Bullying behaviour

The teacher(s) with responsibility for addressing bullying behaviour is (are) as follows:

- The class teacher and SETs (where applicable) will oversee recording of bullying reports for students in their class – this includes using the procedure guidelines to investigate reports of bullying and recording bullying behaviour on the correct form.
- The DLP/DDLP will follow up after twenty days to investigate if bullying has ceased.
- All staff will be vigilant to bullying behaviour.
- The Principal will inform the Board of Management of incidents of bullying.
- Assistant Principal I: Anti-Bullying Policy co-ordinator is available to provide up to date information and support where needed to assist class teachers in addressing concern.

Identifying if bullying behaviour has occurred

When a report of bullying is made, to determine whether the behaviour reported is bullying behaviour, the

following questions will be considered:

1. Is the behaviour targeted at a specific student or group of students?
2. Is the behaviour intended to cause physical, social or emotional harm?
3. Is the behaviour repeated?

If the answer to all three questions is yes, then the behaviour is bullying behaviour and it should be addressed using the Bí Cinéalta Procedures.

If the answer is no, then the behaviour is not bullying behaviour and it should be addressed using the school's Code of Behaviour.

***Note:** One-off incidences may be considered bullying behaviour in certain circumstances. A single hurtful message posted on social media can be considered bullying behaviour as it has a high likelihood of being shared and thus becoming a repeated behaviour.*

When bullying behaviour occurs, the school will:

- Ensure that the student experiencing bullying behaviour is heard and reassured
- Seek to ensure the privacy of those involved
- Conduct all conversations with sensitivity
- Consider the age and ability of those involved
- Listen to the views of the student who is experiencing the bullying behaviour as to how best to address the situation
- Take action in a timely manner
- Inform parents of those involved

The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows:

- a. While all reports, including anonymous reports of bullying must be investigated and dealt with by the 'Relevant Teacher(s)', the 'Relevant Teacher(s)' will use his/her/their professional judgement in relation to the records to be kept of these reports, the actions taken and any discussions with those involved regarding same.
- b. If it is established by the 'Relevant Teacher(s)' that bullying has occurred, the 'Relevant Teacher(s)' must keep appropriate written records which will assist his/her efforts to resolve the issues and restore, as far as practicable, the relationships of the parties involved.
- c. The 'Relevant Teacher(s)' must record the bullying incident by adding an Alleged Bullying Behaviour Report to the relevant pupil's file which will be visible on files on all other pupils named. The 'Relevant Teacher' must inform the Principal.

The primary aim in investigating and dealing with bullying is to resolve any issues and to restore as far as is practicable, the relationships of the parties involved (rather than to apportion blame). With this in mind the school's procedures are as follows:

- In investigating and dealing with bullying, the teacher(s) will exercise his/her/their judgement to determine whether bullying has occurred, what type, if it has, and how best the situation might be resolved.

- All reports, including anonymous reports of bullying must be investigated and dealt with by the 'Relevant Teacher(s)'. In that way pupils will gain confidence in 'telling'. This confidence factor is of vital importance. It should be made clear to all pupils that when they report instances of bullying they are not considered to be telling tales but are behaving responsibly.
- Non-teaching staff such as secretaries, SNAs, caretakers and cleaners are encouraged to report any incidences of bullying behaviour witnessed by them or mentioned to them to the Class Teacher.
- Teachers should take a calm, problem-solving approach when dealing with incidents of alleged bullying behaviour reported by pupils, staff or parents.
- On being informed of an alleged incident of bullying, the teacher dealing with the report will first interview the student(s) who experienced the behaviour and discuss the feelings which the student(s) experienced because of the bullying behaviour.
- Initial investigations of bullying will be done in class where possible but some incidents might be best investigated outside the classroom situation to ensure the privacy of all involved.
- When analysing incidents of bullying behaviour the 'Relevant Teacher(s)' should seek answers to questions of what, where, who, when and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non- aggressive manner.
- If a group is involved each member should be interviewed individually at first. Thereafter, all those involved should be met as a group. At the group meeting, each member should be asked for his/her account of what happened to ensure that everyone in the group is clear about the other's statements.
- Each member of a group should be supported through the possible pressures that they may face from the other members of the group after an interview by the teacher.
- Where the 'Relevant Teacher(s)' has/have determined that a pupil has been engaged in bullying behaviour, it should be made clear to him/her how he/she is in breach of the school's anti-bullying policy and efforts should be made to try to get him/her to see the perspective of the pupil being bullied.
- The "Relevant Teacher" does not apportion blame but should make an effort to try to get him/her to see the situation from the perspective of the pupil being bullied. S/he emphasises that the intention is not to punish perpetrators but to talk to them, to explain how harmful and hurtful bullying is and to seek a promise that it will stop. If that promise is forthcoming and is honoured there will be no penalty and that will be the end of the matter.
- When an investigation is completed and/or a bullying situation is resolved the 'Relevant Teacher' will complete a report, to include the findings of the investigation, the strategy adopted and the outcome of the intervention, as well as any other relevant information.

If a pupil chooses to continue the bullying behaviour, this can then no longer be considered a once off occurrence.

- In this event, parent(s)/guardian(s) will be contacted. The school should give parents an opportunity to discuss ways in which they can reinforce or support the actions being taken by the school and the support for the pupil.
- Follow-up meetings with the relevant parties involved may be arranged separately with a view to bringing them together at a later date if the pupil who has been bullied is ready and agreeable.
- Depending on the seriousness of the bullying, some or all Supportive

Interventions will be utilised.

- Repeated incidents of bullying behaviour will result in the imposition of sanctions. Such sanctions will be proportionate to the seriousness of the bullying behaviour. It must be made clear to all involved (each set of pupils and parents) that in any situation where disciplinary sanctions are required that this is a private matter between the pupil being disciplined, his or her parents and the school.
- Where a parent is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parent must be referred to the school's complaints procedure.
- In the event that a parent has exhausted the school's complaints procedures and is still not satisfied, the school must advise the parents of their rights to make a complaint to the Ombudsman for Children.
- The School will maintain care for the person experiencing bullying behaviour over time. This will be done by having a trusted adult speak to the child for a number of weeks after the incident to check on their continuing welfare. The child's parents will also be consulted.
- If a child makes a report of bullying, but asks that nothing is to be done about it, the relevant teacher will support the child appropriately to explore how it will be handled sensitively and how parents may be notified. If a parent does so, they must submit in writing that they require no further action to be taken, but even so, the school may still deem it necessary to be investigated and handled appropriately.

The school will use the following approaches to support those who experience, witness and display bullying behaviour.

The school's programme of support for working with pupils affected by bullying involves a whole-school approach. Given the complexity of bullying behaviour, no one intervention/support programme works in all situations. Supports include:

- Ending the bullying behaviour,
- Fostering respect for bullied pupils and all pupils,
- Fostering greater empathy towards and support for bullied pupils, - Indicating clearly that the bullying is not the fault of the targeted pupil through annual awareness-raising programmes,
- Indicating clearly that the bullying is not the fault of the targeted pupil through the speedy identification of those responsible and speedy resolution of bullying situations.
- Making adequate counselling facilities available to pupils who need it in a timely manner (subject to available funding).
- Helping bullied pupils raise their self-esteem by encouraging them to become involved in activities that help develop friendships and social skills (e.g. participation in group work in class and in extra-curricular group or team activities during or after school)

Supporting pupils who have engaged in bullying behaviour:

- Making it clear that bullying pupils who reform are not blamed or punished and get a 'clean sheet,'
- Making it clear that bullying pupils who reform are doing the right and honorable thing and giving them praise for this.
- Making adequate counseling facilities available to help those who need it learn other ways of meeting their needs besides violating the rights of others.
- Helping those who need to raise their self-esteem by encouraging them to become involved in activities that develop friendships and social skills (e.g. participation in

group work in class and in extra-curricular group or team activities during or after school).

- Using learning strategies throughout the school and the curriculum to help enhance pupils' feelings of self-worth.
- In dealing with negative behavior in general, encouraging teachers and parents to focus on, challenge and correct the behaviour while supporting the child.
- In dealing with bullying behaviour, seeking resolution and offering a fresh start with a 'clean sheet' and no blame in return for keeping a promise to reform.

All bullying behaviour will be recorded. This will include the type of behaviour, where and when it took place, and the date of the engagement with students and parents. The actions and supports agreed to address bullying behaviour will be documented. If the bullying behaviour is a child protection concern the matter will be addressed without delay in accordance with *Child Protection Procedures for Primary and Post-Primary Schools*.

Section D: Oversight

The principal will present an update on bullying behaviour at each board of management meeting. This update will include the number of incidents of bullying behaviour that have been reported since the last meeting, the number of ongoing incidents and the total number of incidents since the beginning of the school year. Where incidents of bullying behaviour have occurred, the principal will also provide a verbal update which will include where relevant, information relating to trends and patterns identified, strategies used to address the bullying behaviour and any wider strategies to prevent and address bullying behaviour where relevant. This update does not contain personal or identifying information. See Chapter 7 of the Bí Cineálta procedures. This policy is available to our school community on the school's website and in hard copy on request. A student friendly version of this policy is displayed in the school and is also available on our website and in hard copy on request. This policy and its implementation will be reviewed, following input from our school community, each calendar year or as soon as practicable after there has been a material change in any matter to which this policy refers.
