

Health and Safety Policy Statement

Introductory Statement

This policy statement was adapted to the current format in accordance with the guidelines of the Primary Professional Development Service. Our previous Safety Statement was reviewed and updated to consider the most recent legislation in regard to Health and Safety. It was disseminated to the wider school community through the school website and ratified by the Board of Management in March 2020.

Rationale

It is a legal requirement under the Safety, Health and Welfare at Work Act, 2005 for every employer, in conjunction with employees, to prepare a Health and Safety Statement. It represents the Board of Management (BOM)'s commitment to safety and health, and specifies the manner, the organisation and the resources necessary for maintaining and reviewing safety and health standards. The BOM wishes to document their health and safety programme and make it available to all employees, outside services providers and Inspectors of the Health and Safety Authority.

Relationship to Characteristic Spirit of the School

According to our Mission Statement, Scoil Mhuire gan Smál strives to provide a well-ordered, caring, happy and safe environment for our pupils. In keeping with this philosophy our Health and Safety policy emphasises the importance of the health and safety of our pupils and that of all school employees. The Board of Management of Scoil Mhuire gan Smál, recognises the importance of the Legislation enacted in the Safety, Health and Welfare at Work Act, 2005. This Safety Statement sets out the Safety Policy of the Board of Management of Scoil Mhuire gan Smál, and sets out the means to achieve that policy. The Board of Management's objective is to endeavour to provide a safe and healthy work environment for all our employees and pupils and to meet our duties to members of the public with whom we come into contact. This policy requires the co-operation of all employees. It is our intention to undertake regular reviews of the statement in light of experience, changes in legal requirements and operational changes. The Board of Management will undertake to carry out a safety audit annually and report to staff. This inspection / safety audit will be carried out more frequently if requested by either staff or the Board of Management. All records of accidents or ill-health will be monitored in order to ensure that any safety measures required can be put in place, wherever possible, to minimise the recurrence of such accidents and ill-health.

Aims

- to create a safe and healthy school environment by identifying, preventing and tackling hazards and their accompanying risks
- to ensure understanding of the school's duty of care towards pupils
- to protect the school community from workplace accidents and ill health at work
- to outline procedures and practices in place to ensure safe systems of work

- to comply with all relevant health and safety legislation (so far as is reasonably practicable) to include the following areas o Provision of a safe workplace for all employees – teachers, SNAs, secretary, caretaker, etc.

- o To ensure competent employees, who will carry out safe work practices

- o Safe access and egress routes

- o Safe handling and use of hazardous substances and equipment

- o Safe equipment including maintenance and use of appropriate guards

- o Provision of appropriate personal protective equipment.

Guidelines (Content of policy)

Policy Statement on Safety, Health and Welfare at work of the Board of Management of Scoil Mhuire gan Smál, Claremorris.

1.1 The Board of Management will ensure that, in so far as is practicable, the highest standards of safety shall prevail and that, at a minimum, the provisions of the Safety, Health and Welfare at Work Act, 2005 are applied.

1.2 Specifically, the Board of Management wishes to ensure so far as is reasonably practicable:

- The design, provision and maintenance of all places in a condition that is safe and without risk to health.

- The design, provision and maintenance of safe means of access to and egress from places of work

- The provision of systems of work that are planned, organised, performed and maintained so as to be safe and without risk to health.

- The provision of training to staff on proper lifting techniques of pupils and dealing with pupils with challenging behaviour when required

- The provision of such information, instruction, training and supervision as is necessary to ensure the safety and health at work of its employees.

- The provision and maintenance of suitable protective clothing or equivalent as necessary to ensure the safety and health at works of its employees.

- The preparation and revision as necessary of adequate plans to be followed in emergencies. e.g. fire evacuation, dealing with injuries etc.

- The safety and prevention of risk to health at work in connection with use of any article or substance.

- The provision and maintenance of facilities and arrangements for the welfare of employees at work.

- Obtaining where necessary, the services of competent persons for the purpose of advising on the safety and health at work of the employees e.g. Advisors from the HSE, Fire Officers, ICT Advisors re equipment, ergonomics etc.

- An annual review of this Health & Safety Statement and a log of issues raised and remediated.

- The provision of arrangements for consultation with employees on matters of Health and Safety

- The provision of arrangements for the selection from amongst its employees of a Health and Safety Representative.

1.3 The Board of Management recognises that its statutory obligations under legislation extend to employees, pupils, and any person legitimately conducting school business and the public.

1.4 The Board of Management of Scoil Mhuire gan Smál, will ensure that the provisions of the Safety, Health and Welfare at Work Act, 2005 are adhered to.

1.5 The Board of Management will form the Safety Committee to monitor the implementation of the Safety and Health policies of Scoil Mhuire gan Smál, and the requirement under the Safety, Health and Welfare at Work Act, 2005.

1.6 The Board of Management will appoint a Safety Representative from the School Staff and a Safety Officer from the BOM.

Consultation and Information

It is the policy of the Board of Management of Scoil Mhuire gan Smál,

v To consult with staff in the preparation and completion of the Health and Safety Statement.

v To make available the Health & Safety Statement to all present and future staff. v

That any additional information or instructions regarding safety, health and welfare at work not contained in the document will be conveyed to all staff as it becomes available.

v That Health, Safety and Welfare will form an integral part of any future staff training and development plans.

Hazards

All staff will complete Hazard Control Forms (Appendix 3) as hazards are identified. Some hazards can be rectified but others remain constant. The hazards have been divided into two categories. Hazards that can be rectified or minimised will be dealt with as a matter of urgency. Hazard Control Forms will be posted on the Staffroom Noticeboard. When a Staff Member notices a hazard, he/she will use the form to notify the Safety Representative (Caretaker), who will rectify the issue and sign with date and time of when the issue was resolved. Those hazards that cannot be rectified will be clearly indicated and appropriate procedures listed beside them. The Board of Management in consultation with the employees will review and make recommendations on the elimination of hazards.

Fire

It is the policy of the Board of Management of Scoil Mhuire gan Smál, that

- * There is an adequate supply of fire extinguishers, which will deal with any type of fire.
- * All fire equipment is identified and regularly serviced. Galway Fire Equipment
- * Regular fire drills take place, at least twice a year. (See Appendix 1 for Fire Evacuation Procedure)
- * Instruction is given in the use of fire extinguishers for specific materials/equipment.

- * Signs will be clearly visible to ensure visitors are aware of exit doors.
- * All electrical equipment be unplugged or turned off outside school hours and when classrooms are vacated for lengthy periods.
- * An assembly area is designated (Grass Area at front of School)
- * Exit signs are clearly marked.
- * The teacher in each classroom will be responsible for fire evacuation and fire drills procedures.

Other hazards

- * On occasions the floor surface of classrooms, junior corridor and shared toilets become slippery due to condensation and pose a risk.
- * There are basket-ball posts on the school senior playground. These up-rights have been covered in a protective padding. However, they still pose a risk that a child might collide with them during play. Swinging on these structures is forbidden.
- * Balcony and railings around the school. Pupils are not allowed to climb up on or swing off these.
- * Pupils are not allowed to play in the school grounds during weather which would pose a danger to their safety e.g. frost snow, and ice.
- * On icy mornings the children enter the school building through the front door. Caretaker – Barry will ensure the footpath to the front door is safe to walk on.
- * During particularly inclement weather the Board of Management reserves the right to keep the school closed if it is felt that a risk is posed to staff and pupils by travelling to or attending school.

Electrical Appliances

It is the policy of the Board of Management of Scoil Mhuire gan Smál, that only competent persons use Electrical Appliances. Such appliances and equipment will be subject to regular maintenance checks.

Chemicals

It is the policy of the Board of Management of that all chemicals, detergents etc., be stored in clearly identifiable containers bearing instructions and precautions for their use and kept in a locked area, and protection provided for use when handling them.

Drugs/Medications

It is the policy of the Board of Management of Scoil Mhuire gan Smál that drugs or medication should not be administered to pupils by members of school staff due to the fact that staff are not qualified to do so and therefore could pose a threat to the welfare of the pupils. In exceptional circumstances where emergency medication is required to safeguard a seriously ill child's welfare, a teacher or SNA may be requested to administer such medication. Training will be provided in such circumstances. The procedure in such cases is included as Appendix 2. Locked Medicine Cabinets store medication and are located in classrooms as required.

Wet Floors

It is the policy of the Board of Management of Scoil Mhuire gan Smál, that the washing of floors is conducted after school hours and during holiday periods to ensure, as far as is reasonably practicable,

elimination of danger of slipping. During damp winter months condensation can cause un-carpeted areas to become slippery.

The Code of Conduct

The Code of Conduct in the school provides for a level of appropriate behaviour to minimise personal risk or stress to any employee.

Accidents and Injuries

However vigilant the school staff is in relation to pupil safety, accidents will happen and correct procedures in the event of accidents can prevent or minimise injuries. Our accident/illness procedure is included as Appendix 5.

Bullying

The Scoil Mhuire gan Smál Anti-Bullying Policy is a stand-alone policy, which provides a framework for dealing with instances of bullying among pupils. **We also have a Dignity and Respect in the Workplace Policy.** The procedures for dealing with Adult Bullying are in accordance with the INTO publication 'Working Together: Procedures and Policies for Positive Staff Relations (2000)' and our 'Dignity at Work Statement' included as Appendix 7.

Access to Employees is by Consent

When an employee feels at risk from or threatened by a particular person on school property, this must be drawn to the Board of Management's attention. The Board of Management will undertake to ensure that in such circumstances all appropriate measures will be taken to protect employees.

Trained First Aid Personnel

It is the policy of the Board of Management that all members of staff will be trained to apply First Aid to pupils and other employees. This will take place during Croke Park hours.

All required remedies and equipment are made available for first aid function.

There will be an adequate supply of properly equipped First Aid Boxes available in the school at all times. Ice packs will be stored in the fridge/freezer.

School Tours and Field Trips

Educational visits will be booked with a reputable, properly insured coach service with fully seat-belted coaches. We will aim for a ratio of ten pupils per adult (teacher or parent) but not more than fifteen. Every effort will be made to ensure the safety of the pupils at events or activities they are participating in i.e. School Tour venues, Town Hall Theatre, swimming pool, playground, etc. will be properly equipped and manned by qualified staff. See policy on School Tours and also our Swimming Policy.

Visitors to the School

Persons coming onto the school premises are requested to use the main front door and to ring the doorbell. They must identify themselves clearly to whoever answers the door before gaining admittance to the school premises. Any contractor should make direct contact with the Principal, or Deputy Principal before initiating any work on the school premises. All outside facilitators, teachers, coaches etc. who are delivering workshops to pupils will do so under the supervision and direction of the class teacher must have appropriate qualifications and Garda vetting.

Wet Days

On wet days, children will be supervised indoors. The pupils stay in their classroom where they read, draw, play board games or chat.

Emergency Closures

On foot of a Red Weather Alert from Met Eireann, it will be necessary for the Board of Management to close the school. Principal will consult with Chairperson and following this, staff and parents/guardians will be notified through Aladdin as soon as possible. On the very rare occasion where school is in progress and it becomes necessary to close the school for safety reasons, the school bus operators and parents who bring their children to school will be contacted. Every effort will be made to ensure that all parents are made aware of the situation through Aladdin and our social media channels.

Success Criteria

Our success criteria will be based on the achievement of our aims to provide a safe environment for our employees, pupils and visitors. We will use staff observation and parental feedback in addition to our safety record as our benchmark for success or otherwise of this policy.

Roles and Responsibilities:

Duties of all employees:

1. It is the duty of every employee while at work:

(a) To take reasonable care for his/her own safety, health and welfare and that of any person who may be affected by his/her acts or omissions while at work.

(b) To co-operate with his/her employer and any other person to such an extent as will enable his/her employer and the other person to comply with any of the relevant statutory obligations.

(c) To use in such manner so as to provide the protection intended, any suitable appliance, protective clothing, convenience, equipment or anything provided (whether for his/her use alone or for use by him/her in common with others) for securing his/her safety, health and welfare while at work.

(d) To report to the Board of Management without unreasonable delay, any defects in plant, equipment, place of work or system of work, which might endanger safety, health or welfare, of which he/she might become aware.

2. No person will intentionally or recklessly interfere with or misuse any appliance, protective clothing, convenience, equipment or anything provided in pursuance of any of the relevant statutory provisions or otherwise, for securing safety, health and welfare arising out of work activities. Employees will, by using available facilities and equipment provided, ensure that work practices are performed in the safest manner possible.

Duties of the Board of Management Safety Representative:

- Conduct an assessment to identify all hazards on the appropriate form (Appendix 3)
- Assess the risks associated with these hazards.
- Detail arrangements made, resources supplied, and responsibility required to deal with the hazards and to keep them under review.

Duties of the Safety Officer

- To liaise with the Safety Representative on matters of Health and Safety.
- To make recommendations for the alleviation of potential hazards.
- To monitor progress in relation to dealing with hazards.
- Write a report on all of the above for the BoM when required.

Timeframe for Implementation

The revised policy will be implemented from March 2020.

Timeframe for Review

This policy will be reviewed annually or sooner if the need arises.

Responsibility for Review

The BOM will be responsible for reviewing the policy.

Ratification and Communication

The Board of Management reviewed and ratified this policy on the 23rd October 2023.

Signed: Peter Mc Callihg (Chairperson, BOM) **Date:** 23rd October 2023

Signed: Grace Burke (Principal) **Date:** 23rd October 2023

The policy is communicated to all members of the staff via our school server and will be displayed on the school corridor. It is available to the wider school community through our school website. Hard copies are available on request from the School Secretary's Office. Children are informed and continuously reminded of health and safety matters during the course of the year.

APPENDIX 1

FIRE EVACUATION PROCEDURE

Sequence

- Alarm
- Call the fire brigade
- Evacuation
- Assembly
- Roll Call
- Tackle the fire

Aim

To prevent panic and ensure the safe, orderly and efficient evacuation of all the occupants of the school using all the exit facilities available;

Alarm

Anyone discovering an outbreak of fire will raise the alarm. The school is fitted with smoke head detectors which will sound the alarm if activated and break glass units which can be activated by anyone should a fire occur.

The teacher will immediately sound the fire alarm. Call the Fire Brigade All outbreaks of fire however small, or any suspected fire will be reported immediately to the Fire Brigade by the emergency phone number. If you need the Fire Services in an Emergency, please call 112 or 999 Claremorris Fire Brigade 094 937111

Evacuation

On hearing the alarm, the teacher will instruct the children to exit the class in an orderly fashion through the designated escape route which will be shown to them each September upon returning to school. Classes will proceed at a steady, uniform pace to the muster point in the grass area at the front of the school, followed by the teacher who will close the classroom door and any other doors used to exit. Evacuation routes poster are displayed in each classroom and the Staff Room.

The Fire Marshalls will, if safe to do so, 'sweep' the school building to ensure no pupils remain in toilet or other areas.

Assembly

The place of assembly is the grass area at the front of the main building and all classes will stand together in lines according to class. If this area becomes unsafe, supervised evacuation from the school grounds will be through the ground to the school pitch.

Roll Call

Once the classes have mustered at the place of assembly, a roll call or count will be taken. If anyone is missing an immediate search by the staff will be made. As far as is practicable, no place to which pupils have access being overlooked.

The officer in charge of the Fire Brigade will be met on arrival and immediately informed whether or not all persons have been safely evacuated.

Attacking Fire

Circumstances will dictate whether fire-fighting operations will be attempted. Fire-fighting will always be secondary to life safety. Safe evacuation will be the primary concern.

Fire Drills and Testing Alarms

A Test fire drill will be held a minimum of twice per year. The monitoring station will be contacted in advance of the drill in order to put the panel in 'test' mode.

APPENDIX 2 ADMINISTRATION OF MEDICATIONS

As a general rule, teachers will not be involved in the administration of medication to pupils. There are, however, exceptional circumstances where there is an ongoing condition such as diabetes, anaphylaxis, epilepsy etc. or a condition necessitating emergency treatment. In such circumstances and where a teacher or SNA is willing and trained to become involved in the administration of medication a set procedure will be followed. This procedure will be specific to the child and will be detailed in the child's Care Plan which will have been drawn up following consultation between Parents/Guardians and the Principal. All children in the school with chronic medical conditions are identified and their medical needs recorded and up-dated each year. The Principal/Deputy Principal liaises with Parents/Guardians in relation to this matter and informs all staff of the care required.

APPENDIX 4 SAFETY REPRESENTATIVE'S CHECKLIST

1 CIRCULATION AREAS

1.1 Stairways

Check that:

- 1.1.1. stairways are fitted with sound banisters or rails;
- 1.1.2 stairways are adequately lit;
- 1.1.3 steps are not worn or broken or slippery.

1.2 Passages

Check that:

- 1.2.1 floor surfaces are even and are not slippery;
- 1.2.2 passages are adequately lit;
- 1.2.3 litter or rubbish has not been allowed to accumulate;
- 1.2.4 mats, etc, are not positioned in such a way as to be tripping hazards;
- 1.2.5 there are no areas of loose, flaking or damaged paint, plaster or plasterboard.

1.3 Doors and Windows

Check that:

- 1.3.1 doors are unobstructed;
- 1.3.2 doors with glass windows have toughened or laminated glass;
- 1.3.3 doors with a fire resistance requirement have wire reinforced glass;
- 1.3.4 there are no doors with: • loose or broken hinges; • damaged or sticking catches; • broken wood panels or glass panels; • loose or stiff handles;
- 1.3.5 doors are not allowed to swing freely without restraint;
- 1.3.6 doors have been fitted with finger guard protection – (All fitted in junior section of school. Now ordered for senior section.)
- 1.3.7 windows are not broken or cracked;
- 1.3.8 windows open easily without undue force being applied;
- 1.3.9 windows do not jut out dangerously when open;
- 1.3.10 windows are cleaned regularly;
- 1.3.11 windows do not have broken fastenings or cords;
- 1.3.12 where necessary, a window pole is available.

2 HEATING AND VENTILATION

Check that:

- 2.1 the heating system is regularly serviced and maintained in good order.
- 2.2 the heating system is adequate to comply with the requirements of circular 24/82;
- 2.3 where there are large areas of glass facing direct sunlight, there is provision for shading, e.g. Venetian blinds;
- 2.4 windows can be easily opened to allow for adequate ventilation.

Further advice on heating and ventilation is given in the next section.

2.5 Three dehumidifiers have been purchased to help with the elimination of damp air especially during the winter months. This helps to lessen the potential of slippery floors.

3 FIRE SAFETY

Check that:

- 3.1 the fire exits and escape routes are clear from obstructions;
- 3.2 fire doors are kept unlocked and unobstructed whilst people are on the premises;
- 3.3 all designated fire exits are clearly marked;
- 3.4 evacuation procedures are clearly displayed;
- 3.5 staff and children are familiar with evacuation procedures;
- 3.6 staff are familiar with and have been adequately trained in the procedure to be followed when using fire- fighting equipment;
- 3.7 there have been practice evacuations/fire drills held at least once per term;
- 3.8 fire doors open outwards and are not held or wedged open;
- 3.9 fire extinguishers and fire blankets are checked and maintained in accordance with manufacturer's instructions;
- 3.10 the fire-fighting equipment available is that recommended by the local authority's fire officer and is located in accordance with the fire-officer's recommendations;
- 3.11 the fire alarm system is tested at regular intervals whilst the school is in session to ensure that it works and is audible in all parts of the building;
- 3.12 flammable substances e.g. cleaning fluids, photocopying chemicals etc, are stored correctly, away from any sources of heat. More detailed advice on fire safety is given in the next section.

4 ELECTRICAL EQUIPMENT

4.1 General All electrical equipment should be maintained and checked regularly by a competent person. Such maintenance should include checking that:

- equipment is correctly wired and earthed;
- plugs are correctly wired;
- use ratings that are correct for the type of equipment being used (fuse ratings should be marked on the equipment and the plug).
- the mains supply is still capable of meeting the maximum demand;
- the distribution system (i.e. sockets, bench supplies etc) is suitable for the type of work being carried out;
- the isolating switches are marked, well-sited, accessible and known to staff;
- residual current (earth leakage) circuit breakers are used where appropriate.

4.2 Lighting

Check that:

- 4.2.1 all the light fittings are working and are kept in a clean condition;
- 4.2.2 light switches are not broken and appear to be in a safe condition;
- 4.2.3 the lighting is adequate for the type of work being undertaken as specified in Circular 24/82.
- 4.2.4 emergency lighting is working by running a test once a month and record

4.3 Plugs/Sockets/Leads

Check that:

- 4.3.1 plugs are in good condition with no cracks or pieces missing;
- 4.3.2 sockets are in good condition with no cracks or pieces missing;
- 4.3.3 socket screws and mountings are secure;
- 4.3.4 sockets are situated in safe positions, convenient for the equipment to be used and not subject to damp;
- 4.3.5 indicator lights on sockets function correctly;
- 4.3.6 insulation on leads is not cracked or frayed;
- 4.3.7 leads are without knots or joins and are reasonably free of 'kinks';
- 4.3.8 Leads are the correct length for the equipment being used;
- 4.3.9 there are no trailing leads;
- 4.3.10 surge protection adaptors are being used and not overloaded;
- 4.3.11 leads and flexible cable are securely fixed at both equipment and plug ends.

4.4 Equipment

Check that:

- 4.4.1 fixed and portable electrical equipment is not damaged and, as far as you are aware, is operating correctly;
- 4.4.2 copies of manufacturers' instructions/operating manuals are easily accessible;
- 4.4.3 equipment is only being used for purposes for which it was intended;
- 4.4.4 where appropriate, all electrical equipment is switched off and, unplugged when not in use;
- 4.4.5 mains isolating switches are easily accessible and known to staff;
- 4.4.6 on/off indicator lights function correctly;
- 4.4.7 equipment incorporating heating has a thermal safety cut-out in addition to a thermostat;
- 4.4.8 equipment containing liquid has a leakage detector;
- 4.4.9 all items of electrical equipment are properly and regularly maintained and serviced.

5 USE OF GAS

There are currently no gas installations in the school.

6 FIRST AID

Check that:

- 6.1 notices are posted in prominent positions detailing:
 - procedure for calling ambulances etc;
 - telephone number of local Doctor, gardai, hospital.
 - procedure for dealing with individual pupil's emergencies due to known conditions/allergies etc
- 6.2 first aid boxes are readily available and adequately stocked

7 GENERAL PURPOSE CLASSROOMS

7.1 look again at sections 1-4;

Check that:

- 7.2 hazards are not arising from overcrowded classrooms;
- 7.3 all cupboards, fixed whiteboards, display units are stable;
- 7.4 classroom furniture is not damaged;
- 7.5 wherever possible, there are no sharp edges or corners on the furniture;

7.6 furniture is positioned safely;

7.7 all shelf mountings are secure.

7.8 All electrical equipment is switched off at the end of the day.

8 HALLA

Check that:

10.1 floors are clean, even, non-slip and splinter proof;

10.2 PE equipment is stacked securely and positioned so as not to cause a hazard;

10.3 there is a regular routine for inspecting furniture, floors, apparatus, equipment and fittings;

10.4 where there is a stage:

- steps are not damaged;
- steps have an adequate handrail;
- stage lighting is properly wired and earthed, and stored correctly when not in use;
- curtains run freely.

9 NON-TEACHING AREAS

11.1 Offices

Check that:

11.1.1 substances for use with photocopying machines are stored correctly, and that the room where photocopying machines are operated is adequately ventilated;

11.1.2 Laminating machine is in good working order and switched off when not in use.

11.1.3 Guillotine is stored safely and operated only by a competent adult.

11.2 Kitchen Areas

11.2.1 the kitchen/dining area is kept clean;

11.2.2 the fridge is clean so that food can be stored safely

11.2.3 the kitchen floors are sound and non-slip, especially when wet;

11.2.4 first aid boxes are available in the kitchen area;

11.2.5 equipment is adequately guarded.

11.3 Boiler Rooms

11.3.1 there is no combustible waste stored in boiler rooms or elsewhere (e.g. oily rags);

11.3.2 all safety devices in the boiler room are in proper working order;

11.3.3 the boiler is regularly maintained by a competent person;

11.3.4 all cleaning materials, particularly those which might be hazardous, are securely stored;

11.4 Staff Facilities

11.4.1 the staffroom is clean and well lit;

11.4.2 there are adequate cloakroom facilities and storage facilities for personal belongings, books etc;

11.4.3 the staffroom is large enough for the numbers to be accommodated and sufficient comfortable seating and tables are provided.

11.4.4 there is provision for tea and coffee to be made;

11.4.5 staff sanitary facilities are suitable, sufficient and properly cleaned.

11.5 Hygiene

Check that the following are available:

11.5.1 soap

11.5.2 hand drying facilities

11.5.3 hot water

11.5.4 toilet paper

11.5.5 litter bin per classroom 1

11.5.6 provision for disposal of sanitary towels in relevant bathrooms

11.5.7 safe, suitable, sufficient and properly cleaned sanitary facilities

11.6 Outside Areas

11.6.1 there are no uneven/broken/cracked paving slabs;

11.6.2 outside steps are secure, with a firmly fixed handrail;

11.6.3 roofs, guttering, drain pipes etc are, as far as can be seen, sound and well maintained;

11.6.4 all play areas, are kept clean and free from glass;

11.6.5 outside play/PE appliances are securely anchored;

11.6.6 holes for goalposts, tennis posts are covered when posts are not in position;

11.6.7 outside lighting works and is sufficient;

11.6.8 all parking facilities for cars and cycles are safe in regard to the presence of pedestrians;

11.6.9 all builders' materials, caretakers' maintenance equipment etc are kept securely.

APPENDIX 5 PROCEDURE IN THE EVENT OF AN ACCIDENT/SERIOUS ILLNESS

When a teacher witnesses an accident involving a pupil or other employee, or when an accident or serious illness is brought to the notice of a teacher the following procedure will be followed:

- The teacher will ascertain the seriousness of injury or illness.
- Minor injuries will be dealt with in a manner consistent with what any prudent parent would do in a similar situation. Simple First Aid will be administered if necessary. However, this treatment will not generally include administration of medication (See Appendix 2).
- In a case where serious injury or illness is suspected, the teacher will take a decision as to whether or not the injured/ill person can be moved. Where it is felt a breakage or other such serious injury has occurred, the injured/ill person will be made comfortable and kept warm in situ until the emergency services can be contacted.
- If the injured/ill person is a pupil, the parents or guardians will be contacted immediately in all instances.
 - o If it is felt the pupil needs to be brought to casualty, parental permission will be sought. If a parent/guardian cannot be contacted a decision will be made by a member of staff in the best interests of the child. This may involve a trip to casualty or the calling of an ambulance. Written parental consent for such action will be a prerequisite for enrolling a child in the school.
 - o in such circumstances, repeated attempts will be made to contact parents/emergency contacts
- If the injured/ill person is an adult, the next of kin will be contacted immediately in all instances. The procedure will follow the same lines as with a pupil adapted to an adult's circumstances having regard to the health & safety of the injured/ill person.
- All accidents will be recorded on Aladdin.
- Parents will be informed if their child has had an accident during the school day that warranted minor first aid.
- Parents will be informed immediately if the child has sustained head injury.

APPENDIX 6 GOALPOST SAFETY PLAN

Guidance for the general procurement, installation, maintenance, storage and other related matters.

1. Before use, ensure that the goalpost is secured at all times by means of the appropriate supplied anchoring system. This applies to all posts whether they are fixed, portable or free-standing. All goalposts should be anchored, weighted, pinned, chained, pegged or otherwise made secure so as to prevent overturning.
2. Before assembly of equipment check that it is not damaged and that it is fit for use. Check for damages to nets, joints and that locking devices are in good working condition.
3. Check that the equipment for securing the product is intact and in good working order.
4. When goalposts that are tall or heavy are being erected/assembled, it is recommended that heavy lifting equipment is used and that correct tools for the job are used at all times. Assembly and erection of goals should be carried out by sufficient number of persons.
5. Consideration should be given to the proximity of overhead electrical cables during the erection and transportation of goalposts.
6. When dismantling goalposts follow the assembly instructions and recommendations. Ensure all ground sockets have been suitably blanked off when goalposts have been taken out to eliminate trip hazards.
7. Portable goalposts should be dismantled or removed to a secure area when not in use following the recommended storage instructions by the manufacturer/owner.
8. Moving: If a piece of equipment must be moved, and no transportation wheels are provided, the equipment should be lifted by a sufficient number of competent persons to prevent injury and to prevent damage to the product.
9. Procurement: All new goalposts should be purchased from manufactures/suppliers that comply with the following standards I.S.EN 748, I.S.EN 749, I.S.EN 750 and BS 8462. All products should carry a manufactures label and safety warning label. The manufacturers label should include instructions for installation, storage, dismantling, inspection and maintenance.
10. Maintenance: Regular maintenance of goalposts is essential to ensure that it is fit for use. In the absence of a standard, it is recommended that the user follow the guidelines set out by the manufacturer.
11. Alterations or additions/appendages (such as target sets) to parts of a goalpost that could affect the essential safety of the equipment should not be carried out.
