

## **Dignity and Respect at Work Policy**

# 1 INTRODUCTION, OBJECTIVES AND DEFINITIONS

---

## 1.1 INTRODUCTION

Our school is a workplace and as such, it can sometimes be a pressurised environment. Differences of opinion, misunderstandings and conflict are both common and inevitable. Consequently, it is incumbent on our school to have procedures and guidelines to promote positive staff relations, to minimise the potential for conflict and provide a template to address conflict constructively when it does occur.

Everyone shares responsibility for creating a positive working environment and culture. Everyone shares responsibility for resolving difficulties that arise from time to time.

The ethical values that underpin the professional code of conduct for teachers include ‘respect, integrity, trust and care’ for others. It is clear therefore that teaching staff, as professionals, are ethically, contractually, and professionally bound to develop a culture ensuring a working environment that promotes dignity and respect for all.

As a workplace, all employees and visitors benefit from a wide range of statutory protections. Health and Safety standards must be adhered to, there are protections relating to employment, terms and conditions, and specific protections relating to assaults (physical or verbal), discrimination, bullying and harassment.

The School Statement (mandated under the Safety, Health and Welfare at Work Act 2005) contains a commitment to a positive work environment. Section 8 of the Act obliges the Board of Management (BoM), as employer, to manage work activities in such a way as to prevent “*improper conduct or behaviour*” likely to put health and safety at risk.

Notwithstanding these statutory protections, management bodies and unions have agreed a range of procedures to be utilised in dealing with complaints, grievances, conduct, or competence issues arising in the workplace.

These procedures recognise that employees, stakeholders, and visitors must proactively seek to promote positive relations to ensure that the school is free from conflict which is destructive. In other words, we share responsibility for promoting positive relations. By implementing Dignity in the Workplace, instances of bullying, harassment and/or conflict are reduced, and issues can be resolved respectfully.

In line with recommendations from management bodies and unions, the staff and BoM have discussed Dignity in the Workplace and have developed and adopted this Dignity at Work policy.

### Characteristic Spirit & Ethos

Scoil Mhuire Gan Smál is an inclusive, multi-cultural Catholic Primary school catering for boys up to 1<sup>st</sup> class and girls up to 6<sup>th</sup> class. We are formerly under the trusteeship of the Sisters of Mercy and now under the Patronage of The Catholic Archbishop of Tuam.

Our school motto is built upon acceptance of others and respect for all.

### School Mission Statement

We aim to provide a holistic Christian education in co-operation with teachers, pupils, parents, management and local community.

We endeavour to provide equality for all, fostering mutual respect and an appreciation of individual talents and gifts.

We strive for excellence in learning, recognising the right of each child to a quality education, as we endeavour to enable each one to develop his/her full potential in a warm, caring, positive and happy environment.

## **1.2 OBJECTIVES**

The objectives of this policy are to:

- ❖ outline good practice around promoting dignity and respect in the workplace
- ❖ raise awareness among employees and visitors about the importance of fostering positive relations
- ❖ highlight the distinction between a workplace and other settings
- ❖ provide guidelines for good practice
- ❖ provide protocols for respectful interactions in the workplace for staff, visitors, parents, and others, defining what are acceptable and unacceptable behaviours
- ❖ highlight various procedures to be used in addressing conflict, staff relation difficulties, adult bullying or harassment, complaints and/or grievances that may arise.

This policy and its constituent procedures will be monitored and reviewed from time to time to ensure satisfactory operation.

## **1.3 DEFINITIONS**

### ***1.3.1 Adult Bullying***

The BoM defines adult bullying as repeated inappropriate behaviour, direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the place of work and/or in the course of employment, which could reasonably be regarded as undermining the individual's right to dignity at work.

An isolated incident of the behaviour described in this definition may be an affront to dignity at work but, as a once off incident, is not considered to be bullying.

A key characteristic of bullying is that it usually takes place over a period of time, is regular and persistent inappropriate behaviour, specifically targeted at one employee or a group of employees.

The following is a non-exhaustive list of behaviours that may constitute bullying:

- ❖ verbal abuse/insults, undermining remarks
- ❖ exclusion with negative consequences
- ❖ intimidation
- ❖ aggression
- ❖ humiliation, ridicule, belittling efforts
- ❖ excessive monitoring of work
- ❖ withholding work-related information

### **1.3.2 Harassment**

Harassment is any form of unwanted conduct which has the purpose or effect of violating a person's dignity and creating an intimidating, hostile, degrading, humiliating or offensive environment for the person. Unlike bullying, a single incident may constitute harassment.

It may be related to any of the following:

- ❖ Gender
- ❖ Civil status
- ❖ Family status
- ❖ Sexual orientation
- ❖ Religious belief
- ❖ Age
- ❖ Disability
- ❖ Race, colour, nationality or ethnic or national origin
- ❖ Membership of the Traveller community

### **1.3.3 Sexual Harassment**

Sexual harassment is any form of unwanted verbal, non-verbal or physical conduct of a sexual nature, which has the purpose or effect of violating a person's dignity and/or creating an intimidating, hostile, degrading, humiliating or offensive environment for the person.

It is recognised that bullying and harassment complaints may arise among work colleagues but may also arise in relation to visitors to the school. In either case, the commitment to a positive workplace, where dignity at work is respected, prevails.

## **Best Practice for a Positive Working Environment**

### **1.4 DIGNITY AT WORK CULTURE**

A culture of Dignity in the Workplace underpins the two key Dimensions contained in Looking at our Schools (2016) namely, 'Teaching and Learning' and 'Leading and Managing'. Standards that relate directly to Dignity at Work include the requirement to:

- ❖ *Establish an orderly, secure, and healthy learning environment and maintain it through effective communication*
- ❖ *Manage the school's human, physical and financial resources so as to create and maintain a learning organization*
- ❖ *Manage challenging and complex situations in a manner that demonstrates equality, fairness and justice*
- ❖ *Develop and implement a system to promote professional responsibility and accountability*
- ❖ *Promote a culture of respect and dignity that accommodates diversity*

The school's senior and middle leadership team have significant responsibility for promoting positive relations across the school. In addition, each staff member, by virtue of the role they play in the workplace, also has significant responsibilities in this regard.

The following key practices are very important for promoting positive working relations. Their presence within the school can determine the school climate, culture, and the dynamics of working relations among staff.

#### ***1.4.1 Good, open, communication***

Regular, transparent, open, direct, and respectful communication is encouraged. Communication involves sharing information, seeking information and/or requesting information. *"If we don't know, we can ask"*.

As part of this process, individuals may wish to raise issues with each other, within teams, with the principal or with the BoM. Where issues relate to differences of opinion, each party should be aware of the appropriate procedures and how they operate, open to hearing and addressing other viewpoints and responding in a constructive manner to any matters raised.

Staff are encouraged and facilitated to share information and best practice. The principal may have to share certain information with individuals relating to issues or complaints that have come to his/her attention. The sharing of information in no way implies guilt or wrongdoing. In the interest of justice and fair procedures, individuals are entitled to be made aware of any complaints or issues that relate to them.

#### ***1.4.2 Roles and responsibilities***

Education Act S.22: Functions of the principal and teachers

1. The principal of a recognised school and the teachers in a recognised school, under the direction of the principal, shall have responsibility, in accordance with this Act, for the instruction provided to students in the school and shall contribute, generally, to the education and personal development of students in that school
2. Without prejudice to subsection (1), the principal and teachers shall
  - a. encourage and foster learning in students
  - b. regularly evaluate students and periodically report the results of the evaluation to the students and their parents
  - c. collectively promote co-operation between the school and the community which it serves and
  - d. subject to the terms of any applicable collective agreement and their contract of employment, carry out those duties that
    - I. in the case of teachers, are assigned to them by or at the direction of the principal, and
    - II. in the case of the principal, are assigned to him or her by the Board.

It is important to note that as the person responsible for the day-to-day management of the school, the principal may have cause to speak with individuals related to 'giving direction', 'the instruction provided', 'the education and personal development of students', 'evaluations of students' (i.e. assessments). There may also be conversations relating to following agreed procedures, policies and/or carrying out contractual duties.

Conversations such as these are commonplace in workplaces and should not be construed as being part of a grievance, complaints, or disciplinary procedure unless the parties are clearly informed that this is

the case. It is incumbent on all parties to show respect and adhere to the principles of Dignity at Work, due process, and fair procedures during any such conversations.

### ***1.4.3 Processes of decision making***

In accordance with the Education Act, 1998, the BoM and the principal are responsible for the quality of teaching and learning in the school and for the management of staff. Some decisions are relatively automatic, particularly if governed by legislation, statutory guidelines, circulars and/or clearly established and agreed procedures.

Stakeholders, including staff, parents, pupils, and others are frequently consulted around policies, procedures or decisions which can impact on the school. These consultations are important. Decisions following consultations are made by the relevant authority within the school, i.e., the BoM decides school policy and the principal makes decisions in relation to the day-to-day management of the school. While decisions take account of the consultative process, the final decision is based on what is in the best interest of the pupils, teaching, learning, leadership, and management in the school context.

### ***1.4.4 Effective school policies and procedures***

All stakeholders should be aware of and have access to copies of relevant school policies and procedures. Key policies include those relating to Admissions, Child Protection, Behaviour, Health and Safety, Substance Use, Protected Disclosures, Data Protection, Anti-Bullying/Anti- Harassment, Acceptable Use Policy (for internet and social media).

Procedures that relate to employees are outlined in a range of departmental circulars, contracts of employment, codes of conduct e.g., Professional Code of Conduct for Teachers, statutory instruments, health and safety procedures and agreed disciplinary procedures. Procedures for dealing with issues that arise from time to time can be found in the school's code of behaviour, the parental complaints procedures, procedures for dealing with staff relations.

These policies adopted and approved by the school's BoM guide practice.

### ***1.4.5 Mutual respect***

Every member of staff performs a different role in the school and each staff member is fully entitled to be always treated with dignity and respect. The principal teacher is both a staff member and a team leader with overall responsibility for the day-to-day activities in the school. Functions and responsibilities may be delegated to the other members of the Leadership Team in the school, Deputy Principal and Assistant Principal(s).

As well as being responsible for their individual classes, each teacher has a responsibility to adhere to school policies. SNAs and Ancillary Staff also have responsibilities in terms of duties and tasks and likewise must adhere to school policies.

Where an individual chooses to raise an issue with a colleague, mutual respect dictates that this would be done on a one to one basis initially. Criticisms or complaints aired publicly, shared on-line, or to third parties circumvent fair process and breach the dignity at work policy.

### ***1.4.6 A sense of fairness***

Individuals should be aware of the importance of demonstrating a sense of fair play, tolerance, and goodwill. Exercising sound judgement based on relevant information, common sense and reasonableness are also significant factors in promoting positive staff relations and positive relations across the school community. For example, working to achieve an agreed solution that both parties can ‘live with’ will result in better long-term relationships.

It is important to note that fairness is often a matter of perception and that one should always strive not just to be fair, but to be seen to be fair.

### ***1.4.7 A supportive, affirmative, and collaborative atmosphere***

It is the responsibility of everyone in the workplace to conduct themselves in a manner which is supportive of their colleagues and to alter any behaviour not conforming to this standard when brought to their attention.

Individual staff members do not work in isolation and are required by this policy to collaborate with school leadership and colleagues in relation to teaching and learning in the school. School leaders at all levels are reminded that it is their duty to acknowledge and affirm staff members in their work. This duty applies also to the BoM as a corporate body in its management of the school.

## **2 UNACCEPTABLE BEHAVIOUR**

---

In our school we expect everyone to be kind, supportive, courteous, polite, patient, and positive, in their dealings with each other, with staff, with pupils, with parents and with visitors to the school. Openness and co-operation are encouraged.

There are certain behaviours which we consider to be unacceptable in our school. These include publicly criticizing, blaming, using threatening language, rudeness, aggressiveness, shouting at, being dismissive, ignoring or isolating others, undermining or making derogatory, defaming or insulting comments or personal remarks, using offensive language, threatening or intimidating behaviour, victimisation and harassment, workplace bullying and/or sexual harassment. This also applies to comments on social media.

Every individual is entitled to their good name and to have their dignity respected by colleagues and visitors. While any member of staff or individual can ‘have a bad day’, it is important that where an individual, a colleague, or person acting on their behalf, brings to it to an individual’s attention that his/her behaviour towards another was perceived as rude, curt or not consistent with our dignity at work policy, this individual is expected to reflect on this and take appropriate steps to resolve the matter, ensuring the continuance of positive working relations.

In relation to adult bullying and sexual harassment, the BoM has adopted a policy and procedure which includes a clear statement that any such behaviour is not acceptable within the school. A complaint of sexual harassment or bullying may result, following investigation, in disciplinary action.

### 3 ROLES AND RESPONSIBILITIES GUIDELINES

## 4 CONFLICT RESOLUTION

---

While the origins of a conflict can be complex it generally presents as two or more people disagreeing over issues of organisational substance, having a personal disagreement and/or experiencing difficulties with each other. The principal, staff, and/or management may spend significant amounts of time dealing with conflict situations, either as a third party in trying to resolve matters or as one of the parties to the conflict.

In so far as the school as a workplace is concerned, it is important to recognise that:

- ❖ over time conflict is inevitable and
- ❖ it is critical to resolve conflict at the earliest opportunity ideally at an ‘informal stage’.

In most cases, individuals deploy conflict resolution skills, effectively and constructively. This is done by:

- ❖ active listening
- ❖ identifying the source of conflict
- ❖ addressing the issue early and in a constructive manner
- ❖ putting forward options for resolution which may include clarifying perspectives, reaching compromises
- ❖ acknowledging if errors have been made and likewise accepting that errors may have been made by another party, or that misunderstandings may have occurred
- ❖ being willing to put forward solutions with a view to resolving the issue
- ❖ closing the matter
- ❖ moving on.

This policy seeks to promote a culture of open communication where conflicts can be aired and resolved respectfully, constructively, speedily and in a reasonable manner without recourse to the more formal procedures. Such a resolution allows staff move on from conflict and repair relations. Where parties are unable to resolve their issues using the Dignity at Work policy, they can be referred to other agreed procedures.

## 5 SECTION E – RECOGNISED CONFLICT RESOLUTION PROCEDURES

---

The following Conflict Resolution Procedures have been arrived at between various parties, including unions and management bodies, over many years. The BoM of Scoil Mhuire Gan Smál has formally adopted these as part of this Dignity at Work Policy. The formal steps of these procedures are to be used in the resolution of all interpersonal disputes following honest and sincere efforts to resolve the issues informally.

### 5.1 CHOOSE THE APPROPRIATE PROCEDURE

Having identified the difficulties and referenced the Dignity at Work Policy with a view to resolving them informally, individuals may decide to work through more formal procedures.

It is important to note that all procedures are designed to resolve issues with the mutual agreement of the parties at an informal stage, or by relying on third party intervention. Before engaging in any formal procedure third parties should establish the steps taken by both sides to resolve issues prior to invoking formal procedures.

### 5.2 PARENTAL COMPLAINTS PROCEDURE

This procedure should be followed in the case of a conflict between a parent and teacher. The procedure has 5 stages, the first two of which are informal. It places the emphasis on addressing staff relations difficulties in a consensus and voluntary type approach and it includes a mediation facility. If no resolution is reached after Stage 3, the BoM will investigate the matter and issue a binding judgement

Stage 1: Parent speaks to teacher / principal - Informal

Stage 2: Chairperson of BoM - Informal

Stage 3: Chairperson of BoM – Formal

Stage 4: BoM decides on the issues or decides to investigate - Formal

Stage 5: BoM issues a binding adjudication - Formal

### 5.3 INTO PROCEDURE TO ADDRESS STAFF DIFFICULTIES

This procedure should be used in the case of a conflict between staff members, including the principal. It is specific to the matter of allegations of bullying, sexual harassment, or other specific discriminatory harassment, that may occur in the workplace or otherwise in the course of employment.

Stage 1: Informally address matters between the parties - Informal

Stage 2: Role of the principal teacher - Informal

Stage 3: External Intervention (Mediator) - Formal

Stage 4: Formally address matters with the BoM (BoM will make a final adjudication, if needed) - Formal

- ❖ The Chairperson of the BoM
- ❖ The Principal

- ❖ adult bullying
- ❖ sexual harassment
- ❖ harassment on other specified discriminatory grounds which could, in the circumstances, be regarded as offensive, humiliating or intimidating

Stage 1: Decide to Address the Matter (with support from EAS or other source for victimised party)

## 6 INTO / MANAGEMENT MEDIATION PROCEDURE

---

### 6.1 INTRODUCTION

Positive staff relations are the key to a productive and satisfying working environment. In this regard, both management and INTO emphasise the importance of a work culture which promotes open and constructive dialogue, which facilitates issues being aired in a transparent and fair manner and allows for difficulties to be addressed. Examples of the difficulties arising from time to time in school staffs, include perceived lack of consultation in decision making, DES circulars not being distributed, alleged bullying, inability of staff to collaborate.

Management and the INTO have developed a specific procedure to address staff relations difficulties/conflicts which is contained in the booklet Working Together\*. This procedure includes a mediation facility whereby a trained mediator from the INTO/management panel may work with a staff in order to achieve a framework to address/resolve the issues of difficulty or controversy.

## **6.2 OBTAINING PRIOR APPROVAL**

As the mediation facility is paid for by INTO and management jointly, it should be clearly understood that prior written approval for same must be obtained from INTO Head Office and from the office of the school's patron. It is the responsibility of the INTO District Representative to obtain the approval of INTO Head Office and similarly it is a matter for the BoM, to obtain the approval of the office of the patron. In addition, and as appropriate, the INTO district representative should liaise directly with the local CPSMA Representative/Diocesan Secretary.

## **6.3 ACCESSING THE SERVICE**

The following guidelines apply to accessing the service:

- ❖ Where members of staff wish to address staff relations difficulties which they should, in the first instance, consider the scope of the Working Together booklet and assess if matters can be resolved at school level through the utilisation of any of the recommended good practices/procedures set out therein. This should include consideration of internal staff communication and decision-making systems and opportunities for conflict resolution
- ❖ Staffs should consult their INTO district representative in order to obtain advice and assistance regarding the issues of difficulty and the possibility of resolution of matters at school level
- ❖ Where, notwithstanding the efforts made pursuant to nos. 1 and 2 above, members of staff wish to access the mediation facility, they should appraise their INTO staff representative who should in turn
- ❖ Clarify how many members of staff wish to participate in mediation bearing in mind that the process is voluntary
- ❖ Consult further with the INTO district representative
- ❖ At the appropriate time, advise the chairperson of the board of management and seek the approval of the chair/board for proceeding with mediation
- ❖ The INTO district representative will liaise directly with the chairperson of the board of management and with INTO Head Office. The chairperson of the board of management will in turn liaise with his/her respective Diocesan office in order to seek the approval of the patron for the mediation
- ❖ The INTO officials / management representatives involved will assess the situation and if mediation is approved, the INTO district representative will liaise directly with the staff/staff representative and the chairperson of the board of management in order to agree the name of a suitable mediator

## **6.4 PREPARATION FOR MEDIATION**

The staff representative may arrange for the mediator to be informally appraised of:

- ❖ the key issues of difficulty
- ❖ the parties involved
- ❖ the initiatives taken at school level to address matters

- ❖ a general outline of any progress made (if applicable)
- ❖ an indication of the outstanding issues.

Alternatively, (and where for example the staff representative is a party to the issues of difficulty), the mediator may be informally provided with background information by the INTO district representative, the chairperson of the board of management or a management representative. However, it is important to note that as part of the initial stages of mediation, the mediator shall arrange to directly hear from the members of staff involved

As part of the mediation process, members of staff will be required to confirm that they will constructively participate, will be flexible in order to achieve resolution and will abide by the recommendations of the Mediator.

## **6.5 MEDIATION PROCESS**

The mediator at all times acts in good faith. His/her role is to directly hear the parties, assess the issues and endeavour to reach a resolution/compromise through dialogue with the parties. He/she will normally arrange an initial meeting of the staff concerned in order to outline the process. He/she will then arrange further meetings as appropriate, on an individual or collective basis.

The mediator shall:

- ❖ Review all relevant documentation (if any);
- ❖ Arrange to meet with the parties for the purpose of directly hearing and assessing the issues;
- ❖ Decide on whether it is possible to achieve a framework for resolution in light of the attitudes of the parties; and
- ❖ Where the mediator decides to proceed, he/she shall commence a process of negotiation/meetings with the parties and draft a conclusion when the process is finished which may include a framework for resolution of the difficulties.
- ❖ The conclusion of the mediator shall solely state whether mediation has achieved or failed to achieve a resolution. The conclusion shall be available to the parties together with the framework for resolution if same has been agreed.

As a rule, the mediator shall endeavour to complete the process within twenty school days. In terms of meetings between the mediator and members of staff, it is recommended that these should take place outside of school time. Where this is not possible the mediator should clarify with the chairperson of the board of management whether other in-school arrangements can be made

It is recognised that follow-up meetings by a mediator with staff may be very useful, particularly if a period of months has intervened between the mediation process and the follow-up meeting. The follow-up meeting allows the mediator to engage with staff regarding any progress made on the mediation agreement. However, the number of follow-up meetings should be limited to a maximum of two

Finally, it is essential to understand that the success of any mediation process is dependent on goodwill, flexibility and ongoing effort among staff to reach a settlement and work towards achieving the recommendations set out in the framework for resolution. Other initiatives such as training or counselling may also be appropriate.

## 7 SUMMARY, REVIEW AND RATIFICATION

---

### 7.1 SUMMARY

The BoM recognises that it has a duty of care towards all school staff. Similarly, school staff have a duty of care towards one another. This policy seeks to set out principles, practices, and procedures to support the exercise of that duty in our school.

Together we are committed to building and maintaining a work environment where respectful, open and equal relationships are the norm.

In summary, we are committed to having a good and safe place to work, where every individual's dignity is respected.

### 7.2 REVIEW

The BoM will review this policy periodically, but at least once every two years. School leaders are asked to be particularly vigilant in ensuring that all new or temporary staff are fully appraised of the Policy and of their rights and obligations under it

### 7.3 RATIFICATION

This Policy was reviewed and ratified by the BoM on the 4th May 2022.
